

Professor of Management Practice in Information Systems

ESSEC Business School

Location: France / Cergy

Discipline: Information Systems

Employment Type: Permanent Full-time

Contact Person: Isabelle Wattiau, wattiau@essec.edu

Bilingual French / English

In order to accommodate the important needs in information systems and digital transformation education at ESSEC Business School, we are recruiting a bilingual French / English Professor of Management Practice (PMP) in Information Systems, who will join us in delivering excellent pedagogical training and coaching for students and practitioners.

In light of the growing demand for digital transformation and information technologies related courses, the opportunity ahead requires an ambitious, talented and dedicated professor who is knowledgeable of the French and international companies.

The position is based in our Cergy (Paris) campus, starting in September 2023.

Mission

The professor of Management Practice will join the Information Systems, Decision Sciences and Statistics (IDS) department, which consists of a growing team that provides the ESSEC community with skills in Information Systems, Data Analytics, and Operations Research. The mission of the PMP will be to work together with the existing team in teaching and coaching students, and developing new pedagogical content about digital transformation and information technologies across the full plethora of programs at ESSEC.

We expect the PMP to be involved in both teaching and coordination of courses, including:

- Digital transformation
- E-business
- Managing IT in the digital age
- VBA and/or Python programming
- Web site design for managers
- Specialized courses according to the PMP's experience
- Overall academic oversight of information systems and digital transformation course offering in specific programs (BBA / MIM / Specialized Masters / executive education).

Courses are mostly face-to-face and partly online. They are in undergraduate, graduate and executive education, in English and in French.

The PMP will also be expected to participate in pedagogical activities including admission juries, student recruitment, among others, and to develop new pedagogical content and initiatives, such as course material, textbooks, case studies, MOOCs, SPOCs, digital content or other, that reinforce ESSEC's relevance in the domain of information systems and digital transformation.

Person Specifications / Requirements

Given the above-mentioned mission and job responsibilities, the job incumbent must possess requirements mentioned below:

1. First and foremost, be a team player.
2. Have significant personal experience (at least 5 years) in information systems positions in companies.
3. Have relevant previous experience in teaching information systems and digital transformation, preferably both in English and in French.
4. Hold a PhD or equivalent (this is not an absolute requirement; if it is not met, it must be compensated by the quality of professional experience). Other relevant professional certifications will be a plus.
5. Have close links with the business world and proven experience in information systems and/or new pedagogical content creation.

The number of teaching hours is 300 hours/year and corresponds to a full time contract (CDI).

Process

1. Interested candidates should submit their application via the following link:
<https://docs.google.com/forms/d/e/1FAIpQLScwpaBvnQqa3HCSE85YyGKokzWI8FULNkr0mhqSGG2-Gy9a5g/viewform>

The application package must include a cover letter indicating their motivation, an updated CV. Please provide previous teaching evaluations and any references to educational content developed (cases, blogs, MOOCs, videos, etc.). We guarantee full confidentiality.

2. Applications are open for submission and should be sent no later than April 30, 2023. Earlier applications are strongly encouraged as we will consider applicants on a rolling basis.
3. The recruiting committee will start reviewing applications in February 2023 and until the position is filled. Only shortlisted candidates will be contacted for an interview. The committee will organize these interviews on an ongoing basis.
4. The recruiting committee will assess the situation, and will invite selected candidates to either formal or virtual campus visits, based on school policy, government policy, and World Health Organization recommendations for international travel at the time.
5. The position will be available from September 1, 2023.

The status of "professor of management practice" implies devoting all the teaching activities to ESSEC (unless authorized otherwise), but maintaining limited outside activity and a link with the professional world is encouraged. The position is based in Cergy with activities also at Paris-La Défense, and travel possible to affiliated campuses including abroad (Singapore, Rabat).
